The smart way to mow

World leader
in robotic
mowing
since 1995

Scan the QR code
to explore the
range!

How it works

Mowing Cycle

- The concept is to maintain the lawn at an even height all year round.
- Husqvarna Automower® finds the charging station automatically.
- Charges for approximately 60 minutes.
- Resumes mowing, day in and day out, rain or shine.

Recharging

When it's time to recharge, the mower finds the charger by using one of three methods:

- Picking up a signal from the charging station antenna.
- Following the guide wire back to the charging station.
- Following the boundary wire until it's within reach of the home signal.

Boundary Wire

- Installed under or on top of the grass.
- Sets the perimeter and ensures the mower avoids obstacles

Random Movement Pattern

- No need for specific programming.
- Covers all parts even if lawn is complex and/or contains trees, flowerbeds, passages etc.
- Allows the grass to be cut from different directions creating a smooth carpet like surface.

Guide Wire

- Leads the Husqvarna Automower® back to the charging station.
- Guides the mower to remote areas and through narrow passages

5 Year Warranty*

Purchase an Automower® Cleaning & Maintenance Kit with your new Husqvarna Automower® AND service the Automower® annually with an authorised Husqvarna Servicing Dealer to extend the standard 2 year warranty period to 5 years.†

†5 years or 6,000 working hours whichever occurs first. *Terms and Conditions apply, visit husqvarna.com or ask instore for details.

Automower® Robotic Lawn Mowers

Explore our Automower® range to find the ideal robotic lawn mower for you and your garden. A perfectly cut lawn 24/7 – no matter the size, shape or terrain.

H AM 405X

Working Area: 600 m² - Cutting Capacity: 63 m²/h - Max Incline: 40% (22°)

High performance model suited for smaller yet more complex lawns up to 600m². Easily handles slopes and narrow passages with perfect results. Comes with GPS assisted navigation, an electric cutting height adjustment and Automower® Intelligent Mapping which allows you to personalise your lawn with total zone control right from your phone.

\$2,679*

H AM 310 II

Working Area: 1,000 m² - Cutting Capacity: 60 m²/h - Max Incline: 40% (22°)

Robust entry level mower, for small to medium lawns. Easy to use and clean, it can be controlled via your smartphone and comes equipped with a frost guard and weather timer.

\$2,099*

H AM 415X

Working Area: 1,500 m² - Cutting Capacity: 63 m²/h - Max Incline: 40% (22°)

The perfect choice for every mid-sized garden, mows lawns, handling narrow passages and slopes with perfect results. Comes with GPS assisted navigation, an electric cutting height adjustment and Automower® Intelligent Mapping which allows you to personalise your lawn with total zone control right from your phone.

\$3,639*

L AM 430X

Working Area: 3,200 m² - Cutting Capacity: 133 m²/h - Max Incline: 45% (24°)

Smart enough to navigate large and complex lawns, multiple narrow passages, obstacles, tough terrain and slopes with superior control thanks to the GPS-assisted navigation and Automower® Connect.

\$4,679*

L AM 450X

Working Area: 5,000 m² - Cutting Capacity: 208 m²/h - Max Incline: 45% (24°)

The most advanced and high performance model suited for large and challenging properties. It's intelligent enough to negotiate the challenges of large and complex lawns, like narrow passages, obstacles, tough terrain and slopes thanks to the GPS assisted navigation. Comes with advanced cutting features, built in sensors for objective detection and the ability to control from your smartphone.

\$5,999*

*Prices refer to units only. Installation kits sold separately: Small \$185 rrp. Medium \$250 rrp. Large \$385 rrp. Installation costs apply.
