# HOW IT WORKS!

### GUIDE WIRE

### MOWING CYCLE

- The concept is to keep short grass short.
- Husqvarna Automower® finds the charging station automatically.
- Charges for approximately 60 minutes.
- Resumes mowing, day in and day out, rain or shine.

### IRREGULAR MOVEMENT PATTERN

- No need for specific programming.
- Covers all parts even if lawn is complex and/or contains trees, flowerbeds, passages etc.
- Allows the grass to be cut from different directions creating a smooth carpet like surface.

### RECHARGING

When it's time to recharge, the mower finds the charger by using one of three methods:

- Picking up a signal from the charging station antenna.
- Following the guide wire back to the charging station.
- Following the boundary wire until it's within reach of the home signal.

WHEN IT'S TIME TO  
TAKE YOUR GARDEN TO  
THE NEXT LEVEL, VISIT  
**HUSQVARNA.COM**

### BOUNDARY WIRE

CARE

## 5 YEAR WARRANTY\*

Purchase an Automower® Cleaning & Maintenance Kit with your new Husqvarna Automower® AND service the Automower® annually with an authorised Husqvarna Servicing Dealer to extend the standard 2 year warranty period to 5 years\*.

\*5 years or 6,000 working hours whichever occurs first. \*Terms and Conditions apply, visit husqvarna.com or ask in-store for details.
