Husqvarna®

P Husqvarna T540i XP is our most powerful battery-powered top-handle chainsaw, equivalent to a 40cc petrol saw. This saw is the ideal tool for all professional tree care. Designed for arborists who want a smooth, high performance chainsaw. Features excellent ergonomics, high chain speed, low weight and all the benefits of battery power, without compromising cutting performance. The integrated connectivity makes it easy to keep track of usage stats, service history and last known location in the Husqvarna Fleet Services™ app.

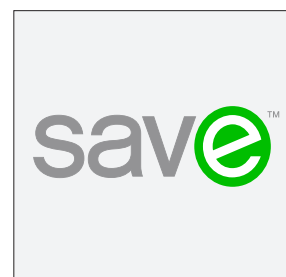

Li-ion power

The Li-ion battery provides long lasting power and top class performance.

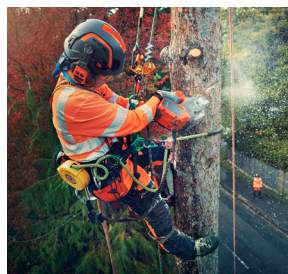

savE™

Choose between normal or savE™ mode, depending on conditions, for maximum power or maximum runtime.

High chain speed

High chain speed for fast, smooth cutting

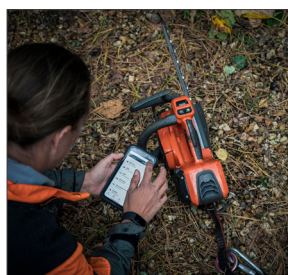

Efficient brushless motor

Our in-house developed, advanced brushless motor is 25% more efficient than a standard brush motor. This means that the motor provides a high and consistent torque.

Husqvarna Connect

With the smart Husqvarna Connect app, you'll have easy access to tips, manuals and spare part recommendations. The app also provides additional information such as runtime and charging status as well as maintenance and service needs.

Rope Attachment and Belt Eyelet

A sturdy point for fastening a rope, making it easy to hoist the saw up into a tree, as well as a belt eyelet for quick and easy to connect the saw to the climbing harness.

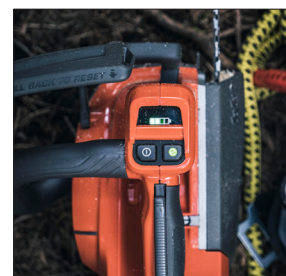

Flip-up oil tank cap

The flip-up oil tank cap is easy to open and the transparent indicator makes it easy to monitor chain oil levels.

Intuitive key pad

Easy to operate key pad that ensures the machine does not switch on accidentally. Also displays battery status.
