

BERENDS GRADER BLADES

The Standard & Medium Duty Range

“Often copied, never matched”.

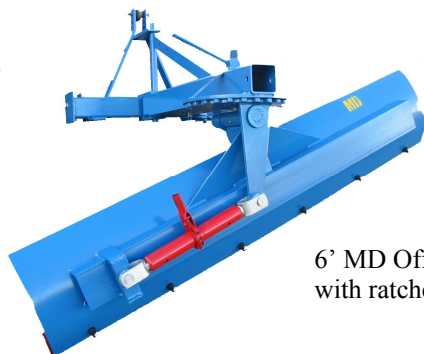

Grader blades designed and developed over many years to provide the user with a most versatile implement at a reasonable cost.

4' Compact Fixed

6' Standard Offset

6' MD Offset with ratchet tilt

6' MD Offset with rippers

- Fitted with positive quick release centre for angle selection, to minimise wear and tear. Allows 24 different angle positions. Blade can be reversed for back filling.
- Can be offset in seconds to work outside the tractor wheel to the left or right hand side (except for fixed models). Choice of 5 positions each way to a maximum of 600mm offset.
- Alternative holes for the lower linkage arms (except 6' fixed model), provide ample tilt for V-draining.
- 6' Medium Duty model (0007) available with ratchet tilt or optional hydraulic option. Provides 30 degree tilt each way.
- Heavy duty reversible cutting edges for maximum life.
- Optional pneumatic wheelkit available for depth control.
