## A MESSAGE FROM THE GENERAL MANAGER

Kioti is a South Korean heavy machinery manufacturer and was founded in 1947. The company produced its first water cooled diesel engine in 1949 and began manufacturing tractors in 1968. With over 70 years' experience their dedicated research and development team continues to shape the future of farm equipment mechanisation.

The company's responsiveness to complex market challenges, manufacturing excellence and commitment to durable, high quality products has resulted in the acceptance of Kioti products in more than 30 global markets.

Kioti is very unique as a tractor manufacturer as they design and manufacture many of the major components in their own factories. The diesel engines, manual and hydrostatic transmission, front axles and final drives are all engineered in-house.

The product range now includes 32 models of tractors and UTV ranging from 22 - 115hp. The range includes ROPS and cabin tractors with a variety of transmissions including manual, hydrostatic, wet clutch with powershuttle and Hi/Low splitter. Kioti tractors come with an industry leading 4 year warranty period.

During these Covid-19 challenging times, the Kioti Company has managed to continue full production of their tractor manufacturing and this will ensure our Kioti dealers will be able to support their customers.

## OUR **4 YEAR** WARRANTY

**All Kioti tractors ranging from 26hp up to 115hp come with a *standard two year or 1,500 hour* warranty covering all components on the tractor.**

To compliment this great coverage Kioti Tractors have an additional Driveline coverage to a maximum of four years or 2,000 hours for all models, which is standard with every tractor purchased.

This coverage is a manufacturers coverage and not offered by a third party insurer and has no extra costs or excess required to be paid.

A basic overview of the coverage includes engine, transmission, differentials, axles and all parts contained therein.

So for four years or 2,000 hour warranty your Kioti tractor will have coverage on all major components and everything in between.

\*24 months 1500 hours Full Warranty.  
48 months 2000 hours Powertrain Warranty.

## TESTIMONIALS

## GAVIN PHILLIPS

Maiden Gully, VIC

In Maiden Gully near Bendigo, Gavin Phillips runs a market garden with his son, Ricky, growing lettuces, salad onions, cauliflowers, cabbages and turnips.

**Gavin's father Austin bought the farm's first new tractor in the 1970s from his local dealer, and Gavin went to the same Kioti dealership for his first new tractor too.**

"I didn't do a great deal of research. My dealer had a Kioti PX in stock so I went in to check it out, then my son looked it over and that was it - we bought it," Gavin said. "It was good value for money. I'd have been paying 30 percent more for a similar offering from another top-name brand."

"The PX has a good solid build and the Perkins diesel engine just ticks over and purrs like a kitten."

"I like the hydraulic shuttle and the de-clutch button. It's a real positive not having to use the clutch. And the creep gear is very good."

"The tractor's main work is to get produce from the field to the shed but the beauty of the PX is that it can do every task, from deep ripping to rotary

hoe work, to planting and spraying. We use it daily, often running it all day."

"It steers very well. It will pull a chisel plough easily at good depth and needs very little operator control where with other brands you usually have to work hard to keep it to a line."

"Visibility is good and the carrying capacity is incredible. We can get close to a tonne of cabbages on the back and half a tonne on the front. This is a massive improvement on efficiency, saving us time and labour costs and improving our productivity."

## STEVE PURVIS

Koyuga, VIC

**For dairy farmers Steve and Deb Purvis, owning one Kioti tractor was great but having two is even better.**

**In Koyuga near Echuca, Victoria, Steve and Deb have a 180-cow dairy farm on 300 acres. Their cropping work is contracted out and they grow all their own fodder under full irrigation.**

Four years ago they bought a second-hand 80hp Kioti tractor and Steve said he really liked using it.

"I like the shuttle shift, the air-conditioning, the easy access to the cabin. Everything works easily and it's been a very reliable tractor for us. It hasn't ever let us down and we're still using it," he said.

"But when it came to stacking the big square bales, we felt we wanted a tractor with a bit more weight to it so we decided to get a second machine. We didn't bother researching any other brands. We just went straight for the Kioti PX1052 cabin tractor with 4-in-1 bucket and a set of forks."

"We bought it three years ago from our local dealer

and it's mainly used for front end loader work, getting hay onto trucks and trailers. I've been doing a lot of topping with it too. And we also use it to feed out. It's really good and much faster on the cradle that feeds out the hay."

"The air-conditioned cabin is quiet and comfortable with plenty of room and everything where you need it to be. Visibility is great. The tractor is smooth to operate and so easy and efficient to use."

"Everything about the PX1052 works well and it has given us no trouble at all. Like our older Kioti, it is proving to be very reliable. Price-wise it was good value at a sensible, not silly, price. We're very happy with it."

# PFG CREDIT

PFG CREDIT has been in operation for 15 years across the whole PFG Australia product range.

Our various finance packages ensure equipment repayments are tailored to your own cash flow requirements, whether that may be monthly, seasonal, or annual. A facility can be designed to conserve working capital, budget on a fixed rate, fixed term and fixed repayments to suit your individual farming needs.

PFG Credit allows clients to acquire equipment without a heavy initial down payment, which means you can pay for it from your operating budget and not from your capital reserves. This allows you to free up capital that can be used to grow other parts of your business.

## KEY FEATURES:

- Quick finance quotations within the dealership
- Simple application with minimal financial data
- Tailored payment options
- Fixed interest rate
- Loan secured by equipment only
- Online loan agreements  
(contactless signatures from the comfort of your home)
- Streamlined next day settlements

**Kioti Australia** has a number of finance offers currently available. This enables you to take advantage of the Instant Asset Write Off initiative without major impact on your cashflow this year.

## CURRENT FINANCE OFFERS
